C. Brand Substitutions. Bids will be considered for items complying substantially with specifications, provided deviations to the specifications are stated and items are described in detail. When offering alternate products, it is the responsibility of the bidder to outline alternatives and provide performance and technical data for evaluation. The quantities actually required to complete the contract work may be less or more than so estimated, and if awarded a contract for the work specified, the Contractor further agrees that he will not make any claim for damages or for loss of profits or for an extension of time because of a difference between the quantities of the various classes of work assumed for comparison of bids and quantities of work performed.
2.9 Investigation
It shall be the responsibility of the bidder to make any and all investigations necessary to become thoroughly informed of what is required and specified in the bid document. No plea of ignorance by the bidder of conditions that exist or that may hereafter exist as a result of failure or omission on the part of the bidder to make necessary examinations and investigations will be accepted on a basis for varying the requirements of the District or the compensation of the bidder.

If the District issues written addenda, such addenda shall become part of the contract documents. The District will distribute the addenda:

In the absence of the prospective bidder's written notice of his facsimile number, the District will provide addenda via mail.

A bidder that does not receive the District's addenda, and who has previously submitted a bid, shall not be relieved from any obligation in the bid he submitted.

2.11 Contract Form

A. Bidder's Unacceptable Performance. If the successful bidder fails to perform services or provide materials in conformity with this Invitation to Bid, the District shall notify him in writing. If the successful bidder fails to correct the performance deficiency to the District's satisfaction within five working days after he receives the District's notice, he shall be in default. If the same performance deficiency recurs despite the District's notification and the successful bidder's temporary correction, the successful bidder shall likewise be in default. The District may, at its sole discretion, terminate the Manhole Frames, Lids and Rings contract with the defaulting successful bidder, and remedy the matter under provisions set forth in Section 2.7B of this Invitation to Bid.

B. Early Termination. The District may, in its sole option, terminate the Manhole Frames, Lids and Rings contract prior to the expiration date. In such an event, the District shall notify the successful bidder in writing no less than 10 calendar days prior to the revised termination date. District shall likewise state the reason(s) for termination. If
early termination occurs for the District’s convenience and the successful bidder is in compliance with all of the terms and conditions of the contract, the District will not hold said bidder to be in material default.

C. District’s Action Following Contract Termination. If the contract is terminated, the District may, at its sole option:

1. request new **Manhole Frames, Lids and Rings** bids or
2. designate the next-low bidder to perform the **Manhole Frames, Lids and Rings** contract, provided that said next-low bidder agrees to his original bid terms.

The District may repeat this option until it obtains an acceptable **Manhole Frames, Lids and Rings** contract.

2.13 “No Bid” Response Form
In the event you elect not to bid, please fill out and return the attached “No Bid” form.

2.14 Indemnification Clause
Successful respondent/contractor shall protect, indemnify, hold and save harmless and defend the District, its officers, officials, employees, volunteers, and agents against any and all claims, costs, causes, actions and expenses, including but not limited to attorney’s fees incurred by reason of a lawsuit or claim for compensation arising in favor of any person, including the employees, officers, independent contractors, or subcontractors of the successful respondent/contractor or District, on account of personal injuries or death, or damages to property occurring, growing out of, incident to, or resulting directly or indirectly from the performance by the successful respondent/contractor or District, on account of premises themselves or any equipment thereon whether latent or patent, or from other causes whatsoever, except that the successful respondent/contractor shall have no liability for damages or the costs incident thereto caused by the sole negligence of the District.

The indemnification shall not be limited by a limitation on amount or type of damages payable by or for the successful respondent/contractor or its subcontractor under any employee benefits act including, but not limited, to the Workers’ Compensation Act.

No inspection by the District, its employees, or agents shall be deemed a waiver by the District of full compliance with the requirements of the Contract. This indemnification shall not be limited by the required minimum insurance coverage in the Contract.

2.15 Force Majeure
The obligations of either the District or the successful bidder shall be suspended during the time as such party is prevented from complying therewith in whole or in part because of any cause, except financial, beyond the reasonable control of such party. In the event of either the District or the successful bidder being rendered unable wholly or in part by force majeure to carry out its obligations under the **Manhole Frames, Lids and Rings** contract, other than to make payments due, it is agreed that on such party giving notice and full particulars of such force majeure in writing to the other party as
soon as possible after the occurrence of the cause relied on, then the obligations of the parties insofar as they are affected by such force majeure shall be suspended during the continuance of any inability so caused but for no longer period, and such cause shall as far as possible be remedied with all reasonable dispatch.

2.16 Insurance

A. The successful respondent/contractor, for the duration of the contract, shall maintain the following:

**General Liability:** $1,000,000 combined single limit per occurrence for bodily injury, personal injury and property damage. If Commercial General Liability Insurance or other form with a general aggregate limit is used, either the general aggregate limit shall apply separately to this project or the general aggregate limit shall be twice the required occurrence limit.

**Auto Liability:** $1,000,000 combined single limit per accident for bodily injury and property damage including coverages for owned, hired or non-owned vehicles, as applicable.

**Workers’ Compensation and Employers’ Liability:** Workers’ Compensation limits as required by statute and Employers’ Liability limits of $500,000 per accident and $500,000 per disease.

**Umbrella:** $2,000,000 per occurrence/aggregate.

The policies shall contain, or be endorsed to afford Contractual Liability coverages for the following provisions in the General Liability and Automobile Liability coverages:

1. The District, its officers, officials, employees, and volunteers shall be covered as additional insureds as respects liability arising out of activities performed by or on insured’s general supervision of the successful respondent/contractor, products and completed operations of the successful respondent/contractor, premises owned, occupied or used by the successful respondent/contractor, or automobiles owned, leased, hired, or borrowed by the successful respondent/contractor. The coverage shall contain no special limitations on the scope of protection afforded to the District, its officers, officials, employees, volunteers, or agents.

2. The successful respondent's/contractor's insurance coverage shall be primary insurance as respects the District, its officers, officials, employees, volunteers, and agents. Any insurance or self-insurance maintained by the District, its officers, official employees, volunteers, or agents shall be in excess of the successful respondent's/contractor's insurance and shall not contribute with it.

3. Any failure to comply with reporting provisions of the policies shall not affect coverage provided to the District, its officers, officials, employees, volunteers, or agents.

The successful respondent's/contractor's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.
B. Proof of Insurance – Certificate of Insurance. No more than 10 calendar days subsequent to the District’s issuance of an award letter and no later than 30 days before commencement to work, the successful respondent/contractor shall provide documentation including a Certificate of Insurance to prove that it has obtained all required insurance and bonds. The District shall be the sole judge as to the acceptability of any such proof.

C. Correction of Successful Bidder’s Insurance Deficiencies. If the District determines that the successful bidder’s insurance or documentation does not conform to these specifications, the District shall inform said bidder of the non-conformity. If said bidder fails to provide conforming insurance or documentation within five calendar days of the District’s notice, he shall be in default.

D. Best’s Ratings.
   1. **Alphabetical Rating.** For purposes of this Request for Bids, “insurer” shall mean any surety, insurance carrier, or other organization which proposes to provide an insurance policy or bond for the successful respondent/contractor. No insurer or surety rated lower than “A-,” **Excellent**, in the current Best’s Key Rating Guide shall be acceptable to the District.

   2. **Financial Size Rating.** Provided an insurer’s alphabetical rating is satisfactory, the District will examine said insurer’s financial size rating.
      
a) If Best classifies the insurer XII or larger, said insurer shall be acceptable to the District.

b) If Best classifies the insurer as smaller than XII, but larger than VI, said insurer shall be submitted to the District’s Business Manager and/or the District’s insurance consultant for review.

Financial Size ratings less than VII are not acceptable and will disqualify the respondent/contractor.

E. Suitability of Insurance. The District shall be the sole judge of whether an insurer’s rating is satisfactory. The District’s decision shall be final and the District’s bidding procedures contain no appeal provision.

2.17 Responsive/Responsible Bidder

A. Evaluation of Responsiveness. The responsiveness of bidders will be judged on the basis of the completeness of the bid submitted. To be responsive, a Bid must be submitted on the forms provided as part of the Bid Documents and comply with all the requirements of the Invitation to Bid.
